What is the PTA?

PTA is the oldest & the largest volunteer child advocacy association in the US. The State & National PTA goal is to promote the health, safety and welfare of our children in and out of school. PTA reminds our country of its obligations to children and provides parents and families with a powerful voice to speak on behalf of every child while providing the best tools for parents to help their children be successful students.

What does the Holly Ridge Elementary PTA do?

Our goals for 2007-2008 are to: Strengthen our PTA through inclusion and by identifying and communicating needs, providing direction, encouragement, and an environment of cooperation and FUN!!!

Develop leaders for continued HRE PTA service at our school.

Serve our children by promoting and assisting the organization of HRE PTA activities. Provide information and serve as a liaison among parents, administration and other cooperative agencies, and by uniting the planning efforts to address school-wide issues.

Advocate for ALL children in our school community by providing opportunities where parents, school leaders and the community can address and solve child-related community-wide concerns.
